INNOVATE • COLLABORATE • EMPOWER

In 2020, Inclusive Prosperity Capital partnered with Mission Energy to make energy improvements possible for their customers utilizing the Solar Power Purchase Agreement. This is just one example of how Green Banks partnering together can make communities stronger, greener, and more resilient. Read more about the partnership between IPC and Mission Energy below.

Who is Mission Energy?

Mission Energy provides turnkey solar and energy efficiency project development, funding, and implementation services for nonprofit organizations. Whether your interest is in reducing your energy costs or monetizing land or other real estate assets, Mission Energy does the hard work so you don't have to.

Why is IPC involved?

IPC has partnered with Mission Energy to provide capital for their solar and energy efficiency projects. Mission Energy develops projects for nonprofits such as religious organizations, hospitals, schools, and other institutions. To date, IPC and Mission Energy have closed on 3 solar PPA projects with more underway.

Helping to deliver Inclusive Prosperity

IPC provides a gateway to inclusive prosperity by engaging with communities impacted most by climate change. We invest in clean energy and resilience in partnership with local initiatives and organizations to provide energy security, climate justice, and economic growth.

We believe everyone should have access to the benefits of clean energy and resilience. Together, we can create change in underinvested neighborhoods and underserved markets to achieve inclusive prosperity.
